

client/companionwindow.h

```
graph TD; A[client/companionwindow.h] --> B[QDialog]; A --> C[QVector]; A --> D[QVariantMap]; A --> E[QListWidgetItem];
```

The diagram illustrates the dependencies of the header file `client/companionwindow.h`. It is represented as a central box at the top with four arrows pointing downwards to four separate boxes below it. The boxes below are labeled `QDialog`, `QVector`, `QVariantMap`, and `QListWidgetItem` from left to right.

QDialog

QVector

QVariantMap

QListWidgetItem
